# Protect Your Eyes Today!

## Why choose Vision Protect?

Hours of exposure to sunlight, computer and television screens, and fluorescent lighting are stressing our eyes and impacting our vision. Most vision formulas on the market give you the crucial eye nutrients lutein and zeaxanthin. But to really fight free radicals and powerfully protect your vision health, you must go beyond the "basics" with a wide-range of antioxidants and eye-supporting nutrients.

## Vision Protect is a true breakthrough in vision support

Nowhere else will you find this thoughtful combination of eye-supporting nutrients, including clinically studied ingredients, and advanced antioxidants to support every part of your eye so you can preserve your healthy vision.

Support your vision today and make **Vision Protect** part of your daily health routine!

**For Powerful Eye Health Support & Vision Maintenance, try Vision Protect today!**
